

PAM 2006/2018: THE FINAL SOLUTION - DETERMINATION OF EMPLOYMENT

In our fifth and last instalment of the PAM 2006/2018 Workshop series, we delve into the complex and difficult circumstances where the Employer or the Contractor, or both parties, decides to end the contractual relationship, thus setting off a chain of irreversible events that ultimately culminate into lengthy litigation/arbitration, often ending up as a "lose-lose" situation for all. This Workshop seeks to highlight the principles and practice of administering Clause 25 and Clause 26 of PAM2006/2018, with workshop sessions discussing the numerous permutations of events that ought to be considered in order to establish the necessary cause/s of action before making a decision to take this drastic action.
